Call for papers:
Workshop on Human-Machine Interaction
HuMaIn @ KI2024

HuMaIn, the **Workshop on Human-Machine Interaction** (`https://humain.thws.ai/`), is co-located with **KI2024** (`https://www.informatik.uni-wuerzburg.de/ki24/`), one of the biggest general interest AI conferences in Europe, taking place in **Würzburg, Germany**.

Important Dates for the Workshop

— **Submission deadline: July 1, 2024**

— Notifications: July 31, 2024

— Camera-ready version due: August 20, 2024

— Workshop: **September 23 or 24, 2024**. The exact schedule will be available in June.

Aims and Scope

HuMaIn seeks contributions on **Human-Machine interaction in the broadest sense**. We are especially open to **interdisciplinary** contributions. This includes **ethical design principles** for human-AI interaction, **psychological foundations** of human-AI interaction, **artistic applications** of (generative) AI, **human-friendly robot and software interfaces**, applications of AI in **social robotics** and healthcare, **social science** studies of AI applications, or the effects of AI on **political discourse**.

Submitting to the Workshop

— Short Paper: Up to 4 pages (excluding references)

— Long Paper: Up to 8 pages (excluding references)

— Formatted according to the Springer LNCS style.

Please submit online via EasyChair: Click on 'new submission' and select the track 'Human-Machine Interaction Workshop'.
